### BOYS AND GIRLS PERFECT THEIR ORGANIZATION

Pontotoc Boys and Girls County Club  
Starts Off With Membership of  
Two Hundred and Fifty.

The thirty delegates from the boys and girls local clubs of the county which attended the county convention in Ada, September 20th, at the city hall for the purpose of perfecting the organization of a county club filed application from 250 boys and girls for membership in the county club. Of this number 200 were from Ada and its immediate vicinity. The remaining members are from Center, Roff, Aholoso, Francis and Maxwell. County Supt. Pierce has 9 or 10 additional local clubs that will likely consolidate with the county club and this will increase the membership to possibly 400. Hon. T. F. Pierce was named as county supervisor and Mr. Alonzo Kennedy as county manager.

Supt. Pierce is planning to have an interesting county school fair in October and it is hoped that every merchant and business man in Ada will assist him in this worthy undertaking. This will encourage the young people to take hold of this work and will make them feel that it is worth while. The work as outlined by Supervisor Wilkinson will include contests in 1. Corn, 2. Cotton, 3. Poultry, 4. Sewing, 5. Cooking, 6. Butter Making, 7. Milk Testing.

### ODD FELLOWS WILL ESTABLISH SANITARIUM

Indianapolis, Ind., Sept. 20.—Grand Sire John B. Cockrum and his circle of officials in the Sovereign Lodge of Odd Fellows were successful in having enacted by the grand lodge the most important bit of legislation proposed at this session that of giving the grand sire the power to appoint the commander of Patriarchs Militant.

The adoption by the Sovereign Grand Lodge of the report of a special committee for the adoption of the recommendation of the grand sire, changing the commanding officer of the Patriarchs Militant from an elective to an appointive office, means the retirement of the present commander general, M. A. Raney, Jan. 14, 1912.

The Sovereign Grand Lodge passed a resolution which will empower the Odd Fellows of various states to establish tuberculosis sanitariums. Each grand lodge was empowered to legislate so as to provide a per capita tax for caring for Odd Fellows afflicted with tuberculosis.

### CORDON PROPOSES CONGRESSIONAL DISTRICTING BILL

Oklahoma City, Ok., Sept. 20.—Seth Cordon, former secretary of the state election board, came to town from Muskogee yesterday with a map of proposed congressional districts which he will present to the legislature for consideration in event a special session is held. It provides for eight, one of which is republican when measured by the vote in the last general election. The following are Cordon's districts:

First—Kay, Pawnee, Osage, Tulsa, Washington, Rogers, Nowata, Craig, Mayes, Delaware; population 207,052; majority 1,600 democratic.

Second—Wagoner, Muskogee, Cherokee, Adair, Sequoyah, Haskell, Latimer, Le Flore, McCurtain; population 207,151; majority 1,900 democratic.

Third—Okmulgee, McIntosh, Pittsburg, Hughes, Coal, Atoka, Pushmataha, Bryan, Choctaw; population 205,235; majority 4,000 democratic.

Fourth—Creek, Lincoln, Okfuskee, Pottawatomie, Seminole, Pontotoc, Murray, Johnston, Marshall; population 209,994; majority 3,100 democratic.

Fifth—Oklahoma, Cleveland, McClain, Grady, Garvin, Carter, Love;

population 212,192; majority 5,000 democratic.

Sixth—Canadian, Caddo, Washita, Kiowa, Comanche, Tillman, Stephens, Jefferson; population 211,667; majority 4,500 democratic.

Seventh—Cimarron, Texas, Beaver, Harper, Woods, Woodward, Ellis, Roger Mills, Custer, Beckham, Harmon, Greer, Jackson; population 197,461; majority 3,300 democratic.

Eighth—Alfalfa, Grant, Major, Garfield, Noble, Dewey, Blaine, Kingfisher, Logan, Payne; population 206,483; majority 5,300 republican.

### MATHERS ON TRIAL AT ARDMORE

Ardmore, Ok., Sept. 20.—County Attorney James H. Mathers was placed on trial in the district court today for the killing of Wm. Ballew last Friday. A just was impaneled and the greater part of the testimony is in. Mr. Mathers told on the witness stand his story of the pistol duel in a locked room with Ballew as his adversary. Both men were armed with 45-calibre guns. He said Ballew fell over a chair, which gave the county attorney the advantage. Both men fired almost at the same time. Ballew was prostrate and his bullet went wild, while Mathers fired a shot and ran from the room, followed by his adversary, who was caught at the door by the sheriff.

Judge W. H. Hammond is down from Francis on business today.

### ADA THE BEST COTTON MARKET

In the fall of the year, rumors are always afloat concerning the best cotton market. No matter where one goes he hears of another place, just ahead, where cotton is bringing a better price. Investigation, however, usually shows that a report of the kind has little foundation in fact.

However, it is a noteworthy fact that competition has made Ada the best cotton market in this part of the state. Its buyers are always right in the lead and the prices paid here are the best.

A proof of this statement came last evening when a party at Ardmore called up Frierson Bros. to sell them a batch of cotton. Mr. Frierson asked to know how cotton had been selling on the streets of Ardmore during the day. He was informed that 10.50 was the top. When it is considered that the lowest mark of the day at Ada was 10.75, it will be seen how well the Ada buyers were keeping up the price. Furthermore, the difference in freight rates to Galveston equal 10 points better than Ada. And still Ada is in the lead.

### Motorman Has Close Call

T. P. Holt returned this morning from Sherman where he has been at the bedside of his brother, W. S. Holt, who came near losing his life Saturday night when the interurban car of which he was the motorman, was wrecked between Richardson and Plano.

It appears that at that particular point the interurban runs parallel with the H. & T. C. for some distance. A bunch of cattle had just been whistled from the tracks of the latter, and one old cow bolted in front of the rapidly moving interurban car. Mr. Holt at once applied the brakes, but to no purpose. The car struck the cow, cutting her squarely in two, but was derailed and the motorman thrown violently on the track, injuring him so badly that he never completely recovered consciousness until Tuesday.

The car stopped on the very brink

Jury in the superior court shortly after he killed a negro man named Charlie Lucas at a negro boarding house in aSndtown near the big packing plants on June 23, 1911.

The verdict returned by the jury came shortly after Governor Lee Cruce commuted the death sentence of John Henry Prather to imprisonment for life in the state penitentiary at McAlester, and there has been considerable speculation ever since as to whether or not Governor Cruce will exercise clemency in the case of Henry on or before the eleventh hour as he did in the Prather case. Henry pleaded self-defense for killing Lucas, while Prathers only excuse for robbing and then murdering W. H. Archie, a plumber, on the morning of April 9, 1911, was that he "just wanted to be able to say he had killed a white man."

The rope with which Alf Hunter, negro slayer of Sheriff eGorge Garrison, and other noted criminals in Oklahoma have been given transport into the beyond, lies coiled in a show case at the county jail ready for the next victim of the law's demands, and if Governor Cruce does not come to the rescue of Newton Henry he will be hanged with it.

### SUES CEMENT COMPANY FOR \$8,000 DAMAGES

District court is occupied today with the suit of C. W. Shepherd vs. Oklahoma Portland Cement Co. in which he seeks to recover \$8,000 damages for personal injuries received August 5, 1909. While sacking cement Shepherd's eye was filled with the material, causing him great pain, and said to have injured his eyesight permanently. The trial will probably be concluded some time tomorrow.

In the case of Martha S. Barton vs. M. S. Barton, divorce was granted as prayed for.

### ADA THEATRICAL SEASON OPENS

The first attraction of the season at the city hall opera house was the presentation of "Tempest and Sunshine" last evening. In spite of the threatening weather a large audience turned out, much to the encouragement of Manager Parks. The play was a success in every way, and the audience well pleased.

Mr. Parks states that he secured a number of strong attractions for the winter season. Among these is the "Lion and the Mouse," which created a great stir in New York when first produced. This is scheduled for October, and others will follow.

L. C. Lindsey brings back some discouraging news from the vicinity of Fitzhugh. He says worms of every species known to the zoologists are working on the cotton and forage crops around there, even destroying the crab grass.

A report says the murderer has been caught and that he has confessed, but this is denied by the police here, who feared a lynching might follow such an announcement.

An ax which last week, had been loaned to Mrs. Henry F. Wayne, one of the victims, by J. R. Evans, a neighbor, was found blood-stained by Mrs. Evans Monday near the back door of the Wayne home. No attention was paid to this, however, as it was supposed the ax had been used in killing chickens.

go to jail for their violation of the  
laws, things will take a different  
turn.

**OFFICIAL FIGURES OF TEX-  
AS PROHIBITION ELECTION**

Austin, Sept. 20.—The official can-  
vas of the statewide prohibition elec-  
tion returns for the election held in  
Texas July 22 show that the amend-  
ment was defeated by a majority of  
6,879. This includes all counties ex-  
cept Hall which failed to report af-  
ter numerous efforts had been made  
to hear from it. By unofficial returns  
Hall county gave the prohibitionists  
a majority of 584 but as no certified  
report was received the county's vote  
could not be included in the official  
canvass and the record will not show  
it, giving the majority above shown.

The returns were canvassed by the  
state election board, consisting of  
Governor Colquitt, Attorney General  
Lightfoot and Secretary of State Mc-  
Donald. Mr. Lightfoot was for a time  
represented by First Assistant At-  
torney General Walthall, but when he  
came in he and Governor Colquitt  
chatted casually while the count was  
being made. Attorney General Light-  
foot had advised that the secretary  
of state under the contest law passed

ness being raised the whole election

**Lane Makes a Kick.**  
Comptroller W. P. Lane came in  
with a written protest against the  
count of the Zapata county vote  
which showed no prohibition support-  
ers and 327 for the antis. He did not  
know what the powers of the board  
were but for the sake of decency he  
protested for the records of his of-  
fice, correspondence and the poll tax  
records showed that Zapata had only  
158 qualified voters. However, his  
protest availed nothing as Attorney  
General Lightfoot and the others  
were not inclined to think that the  
state election board had authority to  
consider a contest of this vote and  
were inclined to believe that any con-  
test should come through the courts.

**Will Run Boats From Tulsa.**  
Tulsa Okla., Sept. 21.—Determined  
that Tulsa shall enjoy the benefits  
of "water rates" on the five rail-  
roads entering this city, the shippers  
through L. J. F. Rooney, chairman  
of the waterways committee of the  
Commercial Club, and J. P. Kirkpat-  
rick, a wealthy and public spirited  
citizen, have decided to carry out a  
novel scheme of forcing these low  
rates into effect.

They propose to build a boat of  
sufficient capacity and durability to  
make trips from Tulsa down the Ark-  
ansas and Mississippi rivers to New  
Orleans this fall, carrying a heavy  
cargo of crude oil, cotton, corn, coal  
building stone, live stock and other  
resources of this section.

Muskogee proved two years ago  
that the Arkansas river is navigable  
up to that point, and it would real-  
ly only be necessary for Tulsa to  
prove it navigable from Muskogee to  
Tulsa, a distance of some fifty miles.  
However, the Tulsa boat will not end  
its voyage at its neighboring town  
but will continue on down the gulf,  
demonstrating river navigation  
throughout its entire length.

It is further proposed to operate  
this boat several trips during the  
coming winter and spring. The melt-  
ing snows in the mountains at head-  
water and the heavy spring rains  
will keep the stage of the river on a  
gradual raise for that period of  
time, and the running of the craft  
will prove the Arkansas river navig-  
able to Tulsa at least six months  
out of the year in its present condi-

**Ordinance Number 250.**  
An Ordinance vacating a portion of  
South Townsend avenue of the City  
of Ada, Oklahoma, and declaring an  
emergency.

Be It Ordained by the Mayor and  
City Councilmen of the City of Ada,  
Oklahoma.

Section One. That all that portion  
of South Townsend avenue of the  
City of Ada, Oklahoma, particularly  
described as follows, to-wit:

A strip of ground sixteen inches  
wide and abutting and lying immedi-  
ately west of lots sixteen and sev-  
enteen in block ninety eight, accord-  
ing to the official map or plat of said  
City of Ada, be and the same hereby  
is vacated.

Section Two. That most of the  
buildings now located on said lots  
sixteen and seventeen of said block  
ninety-eight have been erected and  
are now standing sixteen inches in  
South Townsend avenue of said city  
and on the ground herein vacated;  
That C. S. Aldrich and G. P. Carney  
the owners of lot seventeen in said  
block ninety-eight are desirous of  
erecting buildings on said lot and  
have let contracts for the construc-  
tion of same, and the Mayor and  
Council after careful consideration  
of the matter find an deem it for  
the best interest of the City and the  
property owners of said block that  
the said C. S. Aldrich and G. P. Car-  
ney be permitted to erect their build-  
ing on said sixteen inches of ground  
herein vacated in order that same  
will line evenly with the other build-  
ing heretofore erected in said block  
on said street: Now therefore for the  
preservation of the public peace,  
health and safety an emergency is  
hereby declared to exist, by reason  
whereof this ordinance shall be in  
force and effect from and after its  
passage, approval and publication,  
as by law provided

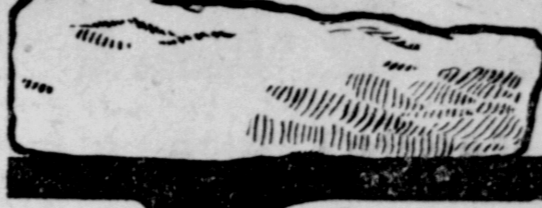

Passed by the City Council this  
the 20th day of September, 1911.

**ANSWER**

One—the flat, sad, sickly looking one—was baked with poor baking powder; possibly the high-priced kind—possibly the cheap, big can kind. It denotes a lack of leavening gas, or an uneven distribution of same—or both. The other—the large, light, fluffy one—was prepared with Calumet Baking Powder, and denotes the never-failing, delicious baking that always results from its use.

Calumet does not cost as much as the high price baking powder, but it is very much su-  
perior in every way—it is purer—more reliable—more healthful. Here are the reasons:

All baking powders undergo a chemical change in the process of baking. You do not take  
it into the stomach in the same form as it is in the can. For example: When you use Cream  
of Tartar Baking Powder you get Rochelle Salts in your food, because the Cream of Tartar  
during this reaction turns into Rochelle Salts. This, as you know, is a drug, and should be  
taken only under doctor's orders.

Calumet is so carefully and scientifically prepared that the neutralization of the ingredients  
is absolutely perfect.

That it is absolutely pure and of highest quality is proven by the fact that

Food Exposition, Chicago, 1907

tion, without dredging or other im-  
provement.

Tulsa has always contended that it  
is below the head of navigation on  
the Arkansas river and is therefore  
entitled to water freight rates. Be-  
fore the advent of railroad build-  
ing the Arkansas was used by  
freight boats to and from points  
much higher up the river than Tul-  
sa. The present determined move-  
ment is intended to force a readjust-  
ment of the freight rates by practi-  
cal re-establishment and repeated  
demonstration of the navigability of  
the Arkansas.

A new railroad building tries to force its way over the grave of an old pioneer wife. A picture with human interest in every scene, thrilling and pathetic with many startling situations.

### Vitagraph Drama---"Barriers Burned Away"

A story of two brother's quarrel which severed the happy relations of two families, and how a thrilling rescue of their children from a fire reunited them. The picture has a heart touching appeal.

### THE TWO OVERCOATS

A comedy of funny mixups—the kind of humor that harms no one and amuses all.

Yesterday a deal was consummated whereby S. M. Shaw and W. F. White become the owners of a store at Holdenville, which will be managed by Mr. White. They purchased the Brinson stock of goods and will add to it until it is one of the best stores of Holdenville. It will be known as the Nickel Store, and judging from his success at Ada, Mr. Shaw will soon be right in the lead at Holdenville. Mr. White is a hustler and will be a valuable addition to the business interests of Holdenville.

#### Itching Skin Quickly Cooled.

Hot weather means skin trouble for many people, but now you can stop the itch instantly.

Just a few drops of the cooling and healing winter green lotion and the itch is gone—not in half an hour—not in ten minutes—but in five seconds.

This simple wash is known as D. D. D. Prescription for Eczema, and usually sells for \$1.00 a bottle, but now by special arrangement you can get trial size bottle for 25 cents. This will be enough to show you why we always recommend D. D. D. for all skin troubles. D. D. D. gives instant relief.

#### KEEP YOUR HEAD UNCOVERED.

The Constant Wearing of a Hat Propagates Dandruff Germs.

There are many men who wear their hats practically all the time when awake, and are blessed with a heavy shock of hair; yet if the scalps of these same men once became infested with dandruff germs, the parasites would multiply all the quicker for lack of air. Baldness would ensue as the final result. Newbro's Herpicide kills these germs and stimulates unhealthy hair to abundant growth. Herpicide is a pleasant hair dressing as well as a dandruff cure and contains not an atom of injurious substance. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

## HON. HUGH M'GULLOCH

The first Comptroller of the Currency, addressed the banks in 1863 as follows:

"Do nothing to foster and encourage speculation. Give facilities only to prudent and legitimate transactions. Distribute your loans rather than concentrate them in a few hands. Treat your customers liberally, bearing in mind that a bank prospers as its customers prosper."

The above are fundamental principles on which this Bank conducts its business and history has proven them to be sound. If such banking methods appeal to you, we would like to have you join us.

#### Took His Mornin' Mornin'.

This morning M. Walsh's horse ran off with his delivery wagon, running around Broadway, 12th, Stockton, circled several blocks and returned to Main street at the same gait. Finally some one jumped into the wagon and brought the horse to a standstill. As evidence of the speed the animal was making, it is said that some one, on 16th street phoned the store that the horse had just passed. Miss Sallie Walsh, who answered the phone, informed the party that the horse had already come on past the store headed east.

## Hot and Cold Stuff

The fuel problem is the first to think about when winter approaches. We can save you money on the coal bought from us before November 15. During the changing weather there is often a heavy demand for ice one day and coal the next. In order that we may keep all our teams employed and make ice deliveries promptly when needed, we will, until the above named date, sell coal at about actual cost. Good coal. No slack.

## ANOTHER BUILDING FOR 12TH STREET

The building boom that struck Ada sometime ago, is still in full blast. E. S. Collins is the latest addition to the building brigade. He has torn away the old livery barn on West 12th street back of the Byrd hotel and will erect a building of reinforced concrete with dimensions of 20 by 60 feet. It is his intention to make it absolutely fire proof.

## GRAY HAIR MAKES YOU LOOK OLD

Use Wyeth's Sage and Sulphur and Your Gray Hair Will Quickly Vanish.

Gray hair is a mark of age, and nothing that can be said as to its beauty will offset the disadvantages of this mark of age set upon your brow.

Wyeth's Sage and Sulphur Hair Remedy darkens the hair and restores it to its youthful beauty. Our grandmothers and their grandmothers before them used sage and sulphur for darkening their hair. Nothing has ever been found more effective for this purpose than these two time honored remedies, but Wyeth, a modern chemist, has combined the two with other ingredients, which makes a delightful dressing for the hair, and which not only removes every trace of dandruff, but promotes the growth of the hair. It also stops the hair from falling out, and makes it beautiful.

All druggists are authorized to refund the money if it fails to do exactly as represented.

Don't neglect your hair and don't resort to old-time hair dyes. Get a bottle of Wyeth's Sage and Sulphur from your druggist today, and notice the difference in your hair after a few days' use.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

## CHOCTAWS WOULD WIND UP THEIR AFFAIRS

Atoka, Ok., Sept. 21.—Request has gone to Washington from Gov. Locke of the Choctaw Indian tribe for authority to hold the annual session of the Choctaw Council for the purpose of making appropriations, passing memorials will be one, as usual, urging that affairs of the tribe be terminated, and the coal and asphalt lands be disposed of. Both Choctaws and Chickasaws have repeatedly gone on record for entire sale of property, and insisting that the surface and the minerals be sold together, or disposed of at the same time. These Indians are not interested in the federal government's theories, as to conservation, and especially, to quote the leaders, when the Indian is being made to stand the expense of the demonstration. That was very clearly brought out at the hearing conducted by a committee from the house of representatives here two years ago.

The Interior Department has requested the tribe to give some expressions regarding the Indian schools, and whether the tribe favors setting aside a per cent of the general fund, when the property holdings are disposed of, to maintain the national schools for education for the full bloods. Opinion is divided upon the question, and the legislature will probably send the question back to the interior department with request to do as it thinks best. According to one of the best leaders, an element believes that since the Indian is a citizen in every respect until it arrives at handling his own property, the state should educate full-blood children out of the general state school fund. Another element regards the question of more importance to the tribe, and feels that the individual portion of the tribal funds for the purposes referred to would be small, and well spent. Back in the Choctaw hills are many full-blood families who would not send their children to a mixed or state school, chiefly because they fear and do not understand the purposes. By maintaining the national institutions this element would be given advantages of schooling.

### For Another City Park.

An effort is being made to secure the strip along East Main street in Dan Hayes addition for a city park. The News hopes the move will succeed, for it too often happens that young cities overlook this feature until it is too late to secure a suitable site for any reasonable sum of money, and their citizens deprived of a place for wholesome recreation. The present park on West Main street may be ample for the present, but since it is assured that Ada will not much longer be reckoned among the smaller places of the Southwest, it should be the care of the city government to make provision for the future.

### Aeroplane Flights at Ada Next Week.

The first carnival of the season will be here next week under the management of Bob Younger, a cousin of Cole Younger, and a rough rider in the Spanish war.

One feature of the carnival that will interest every person in the county will be an aeroplane, which will make frequent flights during the week. This will be something new to a majority of the citizens of the town and county, and the bird man will be the center of interest.

## S.S.S. DRIVES OUT MALARIAL POISONING

Malaria is a disease which gradually destroys the strong, nourishing elements of the blood. When the malarial poison begins to absorb the rich, red corpuscles of the circulation, we see pale, sallow complexions and a general impairment of health. As the blood becomes weaker the appetite fails, digestion is disturbed, chills and slight fever are frequent, and in aggravated cases boils and eruptions break out on the flesh. Malaria is blood poverty, and the only way to cure the trouble is to enrich and purify the circulation. Nothing is equal to S.S.S. as a blood purifier, and it is especially adapted to the cure of malarial troubles because it contains no harmful minerals, and while ridding the system of the malarial germs, S.S.S. builds up the entire constitution by its fine tonic effects. If you are suffering with Malaria begin the use of S.S.S. and rid yourself of this weakening disease. Book on the blood and any medical advice desired sent free to all who write and request it. S.S.S. is sold at drug stores.
